SF HEATING & PLUMBING
IRELAND LTD.
SPECIALIST MECHANICAL INSTALLATIONS

MECHANICAL INSTALLATIONS.

Experienced people. Prepared for the work.

A family-run Dublin company delivering specialist mechanical installations for healthcare, workplaces, homes and major developments.

SF installation photograph / Heating distribution, Center Parcs Lakeside Restaurant

MECHANICAL INSTALLATIONS

Heating, chilled water, water services, drainage and plantroom connections.

OFF-SITE PREFABRICATION

Modules and AHU valve sets prepared to isometric schematics.

HEALTHCARE & WATER SYSTEMS

Fan coil units, water-tank plantrooms and specialist water-system installations.

OFFICE FIT-OUTS & FCUs

Fan coil units with heating, chilled-water and condensate pipework.

SERVICE & MAINTENANCE

Heating and plumbing service, maintenance and breakdown experience.

DOMESTIC HEATING & PLUMBING

Installations, alterations and upgrades for homes.

SELECTED PROJECT EXPERIENCE

Built into Ireland’s buildings.

Examples of SF’s installation scope. Full project descriptions are available on our website.

National Children’s Hospital

HEALTHCARE / DUBLIN

Fan coil units, heating and chilled water, and water-tank plantrooms. AHU valve sets prefabricated off site. Dental RO and baby-feed systems installed in conjunction with Veolia Water Technologies.

Echelon DUB10

DATA CENTRE / CLONDALKIN

Water services and plantroom modifications. All modules in SF’s scope prefabricated off site to isometric schematics, reducing on-site hot work, with supplier and delivery coordination.

HubSpot House

OFFICE FIT-OUT / DUBLIN

Fan coil units, heating and chilled-water mains, second-fix unit connections and condensate pipework, followed by filling, testing and snagging.

South Dublin County Council

HOUSING STOCK / SOUTH DUBLIN

Heating and plumbing service, maintenance and breakdown support across a council housing contract covering 2,500 homes.

SF / Center Parcs plantroom detail

People. Preparation. Equipment.

Stephen Fox brings 35 years of site experience, including project management with H.A. O’Neill.

Experienced tradespeople work alongside apprentices undertaking SOLAS off-site training towards their qualifications.

Our own grooving, welding and crimping equipment, van fleet, supplier coordination and workshop stock support the installation work.
